Petra Adámková
Director of ONKO Unie, o. p.s, Czech Republic

I would like to candidate to *ENGAGe Executive Group (EEG).* The reason why is simple: I would like to use the great opportunity of the ENGAGe network around the world: identify the possibilities and use the synergy in our organizations to move our patient's support a step forward.

ONKO Unie supports onco-gynaecological patients in two areas: public awareness and educational campaigns and patient's advocacy.
ONKO Unie is a part of an independent platform Voice of (oncological) patients in the Czech Republic and a part of a Working group for innovative treatment by the Patient's Council at the Czech Ministry of Health. I personally attended HTA course done by the Czech Ministry of Health and Association of innovative pharmaceutical companies.

My background is Public Relations and our last public awareness campaign "I'm not for write off" about metastatic cancer wins the Czech Award for PR 2019 "Lemur".

In the EEG I would like to amplify my skills and experiences: to concentrate more on patient's advocacy, mapping all countries guidelines policy on the oncology field and focus on the quality of oncological/health care in each member country.

At the same time I would like to focus on common member activities in public awareness campaigns. Also I would like to map and evolve regular PR activities as Awareness World Days and building co-operations between members.

I'm ready to do my best for EEG.
