THE ESGO MOBILE APP**

Welcome to Istanbul!

We are honoured to welcome you to the Patient Advocacy Seminar 2023. This year, in collaboration with ESGO physicians, we have prepared a programme marked by a lot of new information, as well as sharing of best practices among ENGAGe members and networking opportunities.

We would like to draw your attention to the first lecture of the planned regular series: New approaches and new treatments in gynae cancer, which we intend to repeat at each seminar to ensure that we have enough information on new treatments. The second novelty is the Come Together workshop, which we want to start sharing information, unmet needs, as well as mapping the situation in our member countries within each gynaecological oncology diagnosis.

We don't want to list the whole programme here, but we believe that this year it will really interest you and bring you a lot of new knowledge.

However, we would like to draw your attention to two events to raise awareness of gynaecological diagnoses. On Friday, the HPV Awareness Dance will take place as part of the "Good for my daughter, good for us" campaign prepared by the PI Women's Cancers Association.

Another event we would like to invite you to is the Awareness Run and Walk for Health on the Saturday before the start of PAS, organized by ESGO. Join us for a 2km long walk in a purple World GO Day t-shirt!

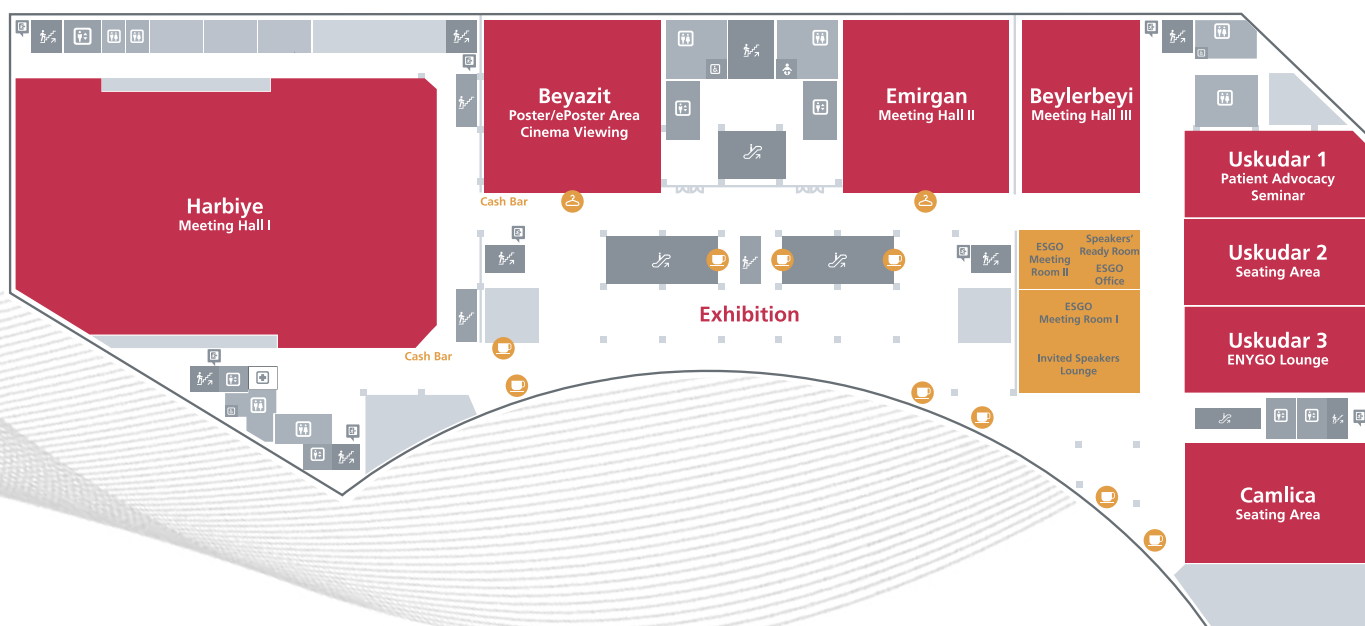

And last, but not least, come and join us at the ESGO Booth on Friday afternoon, where we will present ENGAGe, our activities, and the Turkish version of the Olivia website will be introduced.

This Patient Advocacy Seminar is our last one at ENGAGe. We look forward to continuing to work with the new ENGAGe Executive Group and the new Chairs who will take up our sceptre in the spring of 2024 at the next Seminar in Barcelona.

May you enjoy PAS 2023!

Petra Adámková & Jalid Sehoul
ENGAGe Co-Chairs

Venue MAP - Istanbul Congress Center (ICC) B2 Floor

FINAL PROGRAMME

Venue: ICC, Darülbedai Caddesi No:3,
34367 Şişli, İstanbul, Türkiye
